ORDER OF THE BOARD (by Mr. Werner):

On March 27, 1978, the Petitioner requested a Variance from various provisions of the Board's Water Pollution Regulations.

Additional information is needed to make the Petition for Variance adequate under Procedural Rule 401.

The petition does not include an assessment of environmental impact, a detailed compliance program, or reasons why immediate compliance with the regulations would impose an arbitrary or unreasonable hardship. The period of time for which relief is sought is not specified, and a full description of the nature and quantity of the discharges (as well as past and proposed control methods) is not given.

Moreover, the petition fails to specifically request or waive a hearing as required by Procedural Rule 401(b).

It is the Order of the Board that Petitioner shall amend the variance petition within 45 days of the date of this Order. Failure to timely file an amended petition shall cause the petition to be denied without prejudice for inadequacy.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Opinion and Order were adopted on the 30th day of March, 1978 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
