ENVIRONMENTAL PROTECTION AGENCY,)	
)	
Respondent.)	

ORDER OF THE BOARD (by Mr. Dumelle):

On July 6, 1977 Petitioner requested a variance. The petition is inadequate for failure to comply with the requirements of Rule 401 of the Board's Procedural Rules and is hereby dismissed without prejudice. If Petitioner wishes to correct the inadequacies as listed below it may refile.

The Petitioner failed to state which Board Rules with which it cannot comply. It should be noted that the Board lacks jurisdiction to grant relief from the requirements of Petitioner's NPDES permit. The petition does not describe the locale around the nursing home nor does it list the number of employees. No data is supplied which would indicate the nature of Petitioner's present effluent or why the Board's effluent standards cannot be met. The timetable and costs for compliance are not spelled out. There is no information on the present and future environmental effects of Petitioner's non complying discharge. There should be a comparison between the costs of connection to the sanitary sewer and upgrading of Petitioner's present facilities. The petition should also list proposed interim effluent limitations. Finally the Petitioner should specifically request or waive a hearing as required by Rule 401(b).

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 7th day of July, 1977 by a vote of 5-0.

Christan L. Moffett
Christan L. Moffett, Clerk
Illinois Pollution Control Board
