

ILLINOIS POLLUTION CONTROL BOARD  
July 7, 1977

IN THE MATTER OF: )  
 ) R74-10  
MOTOR VEHICLE NOISE REGULATIONS )

DISSENTING OPINION (by Mr. Young):

Although the revision of Rule 301 adopted by the Board on July 7, 1977, is a necessary improvement, I must renew my dissent filed June 8, 1977, for the reasons set forth therein because there is simply no authority in the Environmental Protection Act for the Board to promulgate equipment standards as has been done in Rule 301.

  
James L. Young

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Dissenting Opinion was submitted to me on the 12<sup>th</sup> day of July, 1977.

  
Christan L. Moffett, Clerk  
Illinois Pollution Control Board
