ORDER OF THE BOARD (by Mr. Dumelle):

On June 20, 1977 Petitioner filed a motion to consolidate this appeal of a permit denial with a regulatory proceeding which Petitioner has filed. Because these two proceedings are governed by different procedural rules and different standards of proof, the motion is denied.

In the alternative, Petitioner asked that hearings in this matter be postponed until the companion regulatory proceeding has been decided. Because the Board has already ordered that hearings be held in this matter and because this matter was filed before the Board in September, 1975, this motion is also denied.

IT IS SO ORDERED.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
