ORDER OF THE BOARD (by Mr. Goodman):

On April 11, 1977, Respondent filed a Motion, requesting the Board to rescind its March 17, 1977 Order herein and further requesting the Board to stay any action on this enforcement case until the Board promulgates particulate and sulfur oxide emission limitations applicable to Respondent's facilities. The Agency, in a response dated April 18, 1977, opposes a stay of the proceedings, but requests modification of the Board's March 17 Order such that additional time be allowed to enable the parties to complete discovery. On April 14, 1977, the Board revoked its March 17, 1977 Order. The Board finds that no stay is warranted herein, and, therefore, we will deny Respondent's Motion. However, in accordance with the parties' request, we will order that hearings in this matter be set within 90 days of the date of this Order.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 28<sup>th</sup> day of April, 1977 by a vote of 5-0.

  
Christan L. Moffett, Clerk
