INTERIM ORDER OF THE BOARD (by Dr. Satchell):

On April 20, 1977 Ronald Carlson filed a Petition for Variance. Under Procedural Rule 401 the Board finds this petition to be inadequate. The petition does not include the size of the business, number of employees or a description of the nature and extent of the present failure to meet the provisions from which relief is requested. The petition must also contain a request for a hearing if desired by petitioner or, in the alternative, a statement waiving a hearing, accompanied by such affidavits or other proof in support of the material facts alleged in the petition sufficient to enable the Board, if it so decides, to rule upon the petition without a hearing. Petitioner may remedy some of the inadequacy by referencing into this proceeding the record of the previous enforcement case, PCB 76-29.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Interim Order was adopted on the 28th day of April, 1977 by a vote of 5-0.

Illinois Pollution Control Board
