ORDER OF THE BOARD (by Dr. Satchell):

Petitioner filed a petition on August 2, 1976 requesting variance from a sewer restriction ban. On August 5, 1976 the Pollution Control Board (Board) issued an order requesting information concerning the effect the granting of the variance would have on the receiving stream. On August 9, 1976 Petitioner filed more information; however, information on the stream condition was not included. The Environmental Protection Agency filed on October 26, 1976 a Motion to Dismiss the variance petition on grounds of inadequacy. Because Petitioner has not provided the necessary information the Board grants the motion and dismisses the variance petition, PCB 76-204, without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 28th day of October, 1976 by a vote of 5-0.
