INTERIM ORDER OF THE BOARD (by Mr. Zeitlin):

On October 14, 1976, this Board entered an Order denying General Motors' Motion for Judgment on the Pleadings, and dismissing PCB 75-35, a Permit Appeal action, as moot. On November 17, 1976, General Motors filed a Motion for Modification, amounting to a Motion for Reconsideration as regards the dismissal of PCB 75-35. On November 18, General Motors filed another Motion, asking that the instant proceedings be stayed generally pending resubmission of a permit application for the facility in issue, and action thereon by the Environmental Protection Agency.

Inasmuch as the latter motion is a direct response to direction given in our October 14, 1976 Order, we feel that it would be inappropriate to rule now on the November 17, 1976 Motion for Modification. We shall instead grant the Motion for Stay, and defer consideration of the Motion for Modification pending the termination of such stay, without prejudice to General Motors.

The instant proceedings shall be stayed to allow General Motors 30 days within which to submit an appropriate permit application, and to allow the Agency the appropriate 90-day period for action thereon.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Interim Order was adopted on the 2<sup>ND</sup> day of December 1976, by a vote of 4-0.

  
Christan L. Moffett, Clerk  
Illinois Pollution Control Board
