ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed January 17, 1977 is inadequate since no explanation is given as to whether or not basement flooding or surface flooding now occurs on the present 15-inch sanitary sewer line. In addition, no program of compliance is given to correct the inadequate sewers or sewage treatment plant as the case may be.

If the sewage treatment plant is in fact inadequate, no information is given as to the present condition of the receiving stream and how the additional discharge would affect it.

Petitioner shall file an Amended Petition within 45 days from the date of this Order providing the information requested above. A waiver of the 90-day decision period set by statute shall be executed to run from the time of filing the Amended Petition. Failure to timely file the Amended Petition shall make the Petition liable to dismissal for inadequacy.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 20th day of January, 1977 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
