ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed October 10, 1975 is inadequate in that it does not detail the extent of algae blooms, if any, in Lake Springfield or of taste and odors, if any, occurring in the public water supply taken from the Lake. The Petition also is not clear why diversion of its effluent to the Springfield Sanitary District is not possible.

Petitioner shall amend its Petition within 35 days of the date of this Order to provide the required information. Petitioner shall also waive the 90-day decision period set by statute to run from the date of filing the Amended Petition.
