ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed December 1, 1975 is inadequate in that the ability of the company to pay the alleged \$17,730 additional per year for low sulfur oil is not quantified. Verified profit-andloss statements for the past three years should be provided or any other evidence to substantiate financial hardship.

Second, no data are given by measurement or diffusion modelling of the resultant ambient air quality for sulfur dioxide generated by the Petitioner at the point of maximum concentration outside the plant property at ground level.

Petitioner shall amend the Petition within 45 days from the date of this Order to provide the needed information listed above. A waiver of the 90-day decision period set by statute shall be filed with the Amended Petition. Said decision period shall run from the date of filing of the Amended Petition. Failure to timely file the Amended Petition shall make the Petition liable to dismissal for inadequacy.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 4^{\prime} day of December, 1975 by a vote of 4^{\prime} .
