 vs. ) PCB 75-51  
 )  
 EAST LAWN WATER COMPANY, et al )  
 )  
 Respondents. )

ORDER OF THE BOARD ON MOTION FOR EXTENSION OF TIME (by Mr. Henss):

Respondents have requested a 30-day extension of time for compliance with Paragraph 4 of the Board's Order adopted September 4, 1975. Paragraph 4 requires Respondent East Lawn Water Company to submit a compliance plan to the Environmental Protection Agency by September 15, 1975 and send a copy of that compliance plan to the Pollution Control Board. Respondents state that the extension of time is necessary since Respondents did not receive a copy of the Order until 8 days after it was adopted and it would be impossible to comply with the requirements of Paragraph 4 by September 15, 1975.

The Motion for Extension of Time is granted. Paragraph 4 of the Board Order shall now read as follows:

"Respondent shall submit a compliance plan to the Agency by September 30, 1975 and shall send a copy of the compliance plan to the Pollution Control Board. The compliance plan shall show that Respondent will eliminate the violations which have been proved in this case and will come into compliance with the Regulations by November 15, 1975. The compliance plan shall be accompanied by a performance bond in the amount of \$5,000 to guarantee performance of all aspects of the compliance plan. Respondent shall proceed immediately with installation of a master meter, chlorination equipment and an air compressor at the well site and shall provide the well operator with an Agency approved chlorine test kit no later than September 30, 1975.

The Environmental Protection Agency shall provide the Board with an assessment of Respondent's compliance plan within 15 days after receipt of the plan."

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted the 29<sup>th</sup> day of September, 1975 by a vote of 4-0.

  
Christan L. Moffett, Clerk  
Illinois Pollution Control Board
