ORDER OF THE BOARD (by Mr. Zeitlin)

The Petition filed March 25 in this matter is inadequate in that it does not set out the quantity and type of contaminants discharged, as required by Board Procedural Rule 401(iv). Nor has Petitioner complied with Procedural Rule 401(v). Petitioner states only that a report describing these matters is on file with the Illinois Environmental Agency. While the filing of such reports with the Agency may be laudable, it does not fulfill the filing requirements of this Board. Petitioner shall amend the Petition to provide the missing information. Failure to timely file the needed information with the Board within 30 days shall make the petition liable to dismissal for inadequacy. The 90 day decision period for Variances shall run from the date of filing the Addition information.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Board hereby certify that the above Order was adopted on the 4th day of April, 1975 by a vote of 3 to 0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
