ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed April 28, 1975 is inadequate in that it does not detail nor quantify the effects upon the environment of the grant of the requested variance. Furthermore, no showing is made of conformance to the requirements of the U.S. Supreme Court decision in Train v. National Resources Defense Council, et al., 43 LW 4467 (April 16, 1975). No information appears in the petition to indicate the resulting air quality as compared to national primary standards if the requested variance is granted.

Petitioner shall amend the Petition within 45 days from the date of this order to provide the needed information. Failure to timely file the needed information shall make the petition liable to dismissal for inadequacy. The 90-day decision period set by statute shall run from the date of filing the additional information.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 8<sup>th</sup> day of May, 1975 by a vote of 5-0.
