ORDER OF THE BOARD (by Dr. Odell)

On December 30, 1974, Petitioner filed a Motion For An Expedited Decision On Amended Petition For Variance Extension with the Pollution Control Board (Board). The Amended Petition For Variance Extension was also filed on December 30, 1974, with the Board.

We will comply with Petitioner's request to the extent possible. Although economic hardship was ably presented in the Amended Petition, data on present levels of discharge was not included. If the Environmental Protection Agency (Agency) in its Recommendation -- which we assume will be submitted at the earliest possible date -- supplies this missing information, we will move expeditiously to rule on Petitioner's Motion For An Expedited Decision. If the Agency does not carry Petitioner's burden of supplying necessary effluent data, a More Information Order or other appropriate action will be necessary.

Motion For An Expedited Decision on Amended Petition For Variance Extension is granted to the extent permitted under Rule 401 of the Board's Procedural Rules.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Opinion and Order was adopted on the 9th day of January, 1975, by a vote of 5 to 0.
