ORDER OF THE BOARD (by Mr. Marder)

Petition for variance filed by the Village of Ashland on June 12, 1974, is inadequate in that it does not give the 1973 experience in actual copper levels resulting at the raw water intake. Such information is required.

Petitioner shall also supply data giving actual copper level concentrations in its water distribution system, if available.

Petitioner shall file the above required information within 45 days of the entry of this Order. Failure to do so shall result in dismissal for inadequacy. Such filing shall be deemed an amendment to the Petition.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted by the Board on the 13th day of June, 1974, by a vote of 4 to 0.
