MR. MICHAEL A. BENNETTO, ASSISTANT ATTORNEY GENERAL, appeared on behalf of the Environmental Protection Agency

OPINION AND ORDER OF THE BOARD (by Mr. Dumelle):

The Lake Forest Hospital filed a Variance Petition on August 23, 1973. The Agency filed a Recommendation on September 21, 1973 and an Amendment on January 7, 1974. The Agency Amended Recommendation was to grant the Variance Petition. No hearing was held.

Lake Forest Hospital seeks a variance from Order #7 of League of Women Voters v. North Shore Sanitary District, PCB 70-7, 12, 13, and 14 (March 31, 1971), in order to obtain a sewer connection permit for a proposed hospital. The hospital would be located in Lake Forest, Illinois and would be tributary to the Clavey Road Sewage Treatment Plant. The Lake Forest Hospital would be completed on October 1, 1974.

The Board has decided to dismiss this Variance Petition without prejudice in light of the decision to grant the North Shore Sanitary District the authority to issue 2,000 permits (8,000 P.E.) to connect to sewers tributary to the Clavey Road Sewage Treatment Plant, North Shore Sanitary District v. EPA, PCB 73-134, (January 10, 1974). The Board specifically included hospitals as a class of permit applicants to be given priority by the District in allocating available permits (Order 4, North Shore Sanitary District v. EPA, PCB 73-134).

The above Opinion constitutes the Board's findings of facts and conclusions of law.

ORDER

The Board hereby denies the Lake Forest Hospital's Variance Petition without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Opinion and Order were adopted on the 24<sup>th</sup> day of January, 1974 by a vote of 5-0.
