SITE SPECIFIC PETITION OF MOBIL OIL) R97-28
CORPORATION FOR RELIEF FROM 35 ILL.) (Rulemaking - Site Specific)
ADM. CODE 304.122, AMMONIA NITROGEN)
EFFLUENT STANDARDS)

ORDER OF THE BOARD (by R.C. Flemal):

This matter is before the Board on a petition for site-specific relief filed on April 24, 1997 by Mobil Oil Corporation (Mobil). The petition is accompanied by two motions, which the Board addresses here.

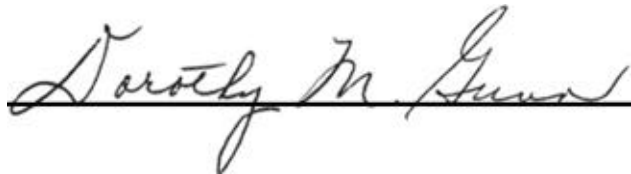

In the first motion, Mobil requests that the Board waive the provision that a site-specific petition be supported by 200 signatures, as found at 415 ILCS 5/28(a) (1994) and the Board's procedural rules at 35 Ill. Adm. Code 102.141(c) citing 102.121(h). The Board hereby grants the motion to waive the 200-signature requirement.

In the second motion, Mobil requests that the Board waive the requirement that the petition be accompanied by nine copies of all exhibits, as found 35 Ill. Adm. Code 102.140. The Board recognizes the voluminous nature of the exhibits. Nevertheless, the Board requires more than two (2) copies of each exhibit for its deliberations. Therefore, the Board will allow Mobil to file only four (4) copies of the exhibits in this matter.

IT IS SO ORDERED.

Board Member Kathleen M. Hennessey abstains.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 15th day of May, 1997, by a vote of 5-0.
