

ILLINOIS POLLUTION CONTROL BOARD
April 5, 1973

VILLAGE OF CATLIN)

v.)

PCB 73-110)

ENVIRONMENTAL PROTECTION AGENCY)

ORDER OF THE BOARD (by Mr. Dumelle)

On March 30, 1973 we received an amended petition in response to our order of March 15, 1973 requesting additional information. The amended petition is still inadequate since "no facts are given as to the damage to the environment that will result from the grant of this variance" as stated in our earlier order.

The Village should list effluent discharges as compared to standards and should delineate the effects now felt upon the receiving stream as well as future conditions which would occur if the variance were granted.

Since written objections have been received by the Board in this case a hearing is mandatory under Section 37 of the Environmental Protection Act. Petitioner is given 30 days from the date of this order to file a second amended petition and a hearing will be scheduled. The petitioner shall file a 30-day waiver of its right to a decision within the 90-day period specified in Section 38 of the Act or the petition will be subject to dismissal as being inadequate.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 5th day of April, 1973 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
