ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

On February 27, 1973, we entered an Order directing General Fire Extinguisher Corporation to file within 15 days, a detailed specification with respect to the frequency and intensity of pollutants emitted by its operation, what relief is sought by the variance petition and what regulations the compliance with which it seeks to be excused from, pending completion of installation as set forth in its petition for variance.

No submission has been made by General Fire Extinguisher Corporation. Accordingly, we must dismiss the petition for variance without prejudice. Any new variance petition filed should contain the information sought by our February 27, 1973 order.

IT IS SO ORDERED.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 12<sup>th</sup> day of April, 1973, by a vote of 4 to 0.

Christan J. Moffett
