 ELIZABETH STREET FOUNDRY)

ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

Motion to reopen proofs to offer additional evidence with respect to the possible future zoning classification of the subject property has been filed by Respondent.

The motion to reopen proofs is denied. Contentions with respect to this subject have already been made for the record and the contentions, even if true, would not be the basis for excusing compliance with the relevant regulations and statutory provisions. See Environmental Protection Agency v. Litton Power Transmission Division, et al, #72-147 (March 8, 1973).

IT IS SO ORDERED.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 12th day of April, 1973, by a vote of 4 to 0.
