ORDER OF THE BOARD (by J. Theodore Meyer):

On May 30, 1997, The Knapheide Mfg. Company filed a petition for extension of prior variance for its temporary facility in Quincy, Illinois. On June 27, 1997, the Illinois Environmental Protection Agency (Agency) filed its appearance as well as a motion for extension of time to file its recommendation. The Agency states that an inspection of the facility in question is necessary before a recommendation can be determined, and that such an inspection could not be completed until June 25, 1997. The Agency further stated that the person assigned to direct the Agency's efforts in this matter was hospitalized during part of the 30-day time period for filing the Agency recommendation and has not completed a review of the variance petition. The Agency therefore requests until July 30, 1997, in which to file its recommendation.

The Board grants the motion; the Agency is directed to file its recommendation on or before July 30, 1997.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 10th day of July 1997, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
