

ILLINOIS POLLUTION CONTROL BOARD
May 10, 1973

JOHN AND LOIS SCOTT

v.

ENVIRONMENTAL PROTECTION AGENCY

PCB 73-197

ORDER OF THE BOARD (by Mr. Dumelle)

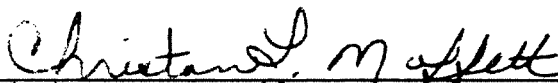

The letter petition filed May 9, 1973 is not clear as to the exact condition at the premises at 2407-14th Street in North Chicago. If the present sewage system consists of a septic tank and field then the petitioner should so state. The phrase "interrupted the only sewer outlet I had" seems to indicate the cutting of an existing sewer stub which would not need a variance to reconnect.

The Lake County Department of Public Health is asked to report to the Board on this situation as per past practice within 20 days. Petitioner is ordered to file an amended petition within 20 days including a waiver from the 90-day decision period for 20 day period.

It is the intent of the Board to decide this case without a public hearing.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 10th day of May, 1973 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
