Order of the Board (by Mr. Currie):

Upon consideration of the record, a variance is hereby granted to permit connection of the Cinnamon Creek development, as described in the record, to the sewers, and to discharge wastes to the sewers; all on condition that the petitioner obtains prior written approval by the Environmental Protection Agency of the proposal for installation and use of sewage holding tanks, with regard to size, instrumentation, odors, explosion and corrosion hazards, policing to assure use as required, and such other matters as the Agency may deem relevant; and that such holding tanks are in fact installed prior to any discharge and utilized so as to prevent overloading of the sewers.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 24th day of October, 1972, by a vote of 4-0.
