ORDER  
(by Mr. Henss)

Nelson & Bollen Feed Mill, Inc. wrote a letter to the Environmental Protection Agency, Division of Air Pollution Control regarding an operating permit. The Agency forwarded the letter to the Clerk of the Pollution Control Board for docketing as a variance request. The document is not adequate as a variance petition since it does not contain the type of information required for such pleading. Nelson & Bollen Feed Mill, Inc. state that no variance petition is intended and request that their letter not be considered a variance petition. The letter was simply a request for information.

It is ordered that the above captioned matter be dismissed without prejudice.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted this 26th day of July, 1973 by a vote of 4 to 0.
