ORDER

On October 17, 1972 in PCB 72-243 we ordered that Jerry Frye close his landfill if he has not obtained a permit for its operation in 45 days. Jerry Frye now requests a 90 day extension of time to permit him to comply with necessary requirements for the issuance of a permit. It is indicated in the Petition that soil tests could not be obtained within the time provided by our October 17, 1972 Order.

Since the EPA has apparently been in contact with Jerry Frye regarding the issuance of a permit and the engineering requirements we request that the Agency submit its recommendation on an expedited basis by December 22, 1972.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted this 12th day of December, 1972 by a vote of 4 to 0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
