

ILLINOIS POLLUTION CONTROL BOARD  
January 23 , 1973

VILLAGE OF KENILWORTH )  
 ) #72-474  
 )  
 v. )  
 )  
 ENVIRONMENTAL PROTECTION AGENCY )

ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

Our Order of August 15, 1972 in Case #72-82 granted the Village of Kenilworth until December 31, 1972 to comply with SWB-7 and the newly-adopted Water Pollution Control Regulations with respect to the installation of sludge disposal facilities for its water treatment plant. A construction schedule had been approved by the Agency.

However, weather and lake conditions prevented compliance with this program. The present petition seeks a 90-day extension of the December 31, 1972 compliance date, which would bring the date of compliance to March 31, 1973. The Agency recommends allowance of the variance, subject to the conditions which we impose in our Order. The variance is granted.

IT IS THE ORDER of the Pollution Control Board that our Order of August 15, 1972 be modified by extending the compliance date therein provided from December 31, 1972 to March 31, 1973, subject to all conditions contained in said order as applicable to the Village of Kenilworth, and subject to the following terms and conditions:

1. That the variance extend only to the discharge of filter backwash water and that any semi-annual discharge of sludge should be prohibited during this period;
2. That the petitioner submit monthly progress reports to the Agency; and
3. That the petitioner post a performance bond in the amount of \$3,000 within 10 days of the date of the Board's order to assure compliance with Paragraphs 1 and 2.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Opinion and Order was adopted on the 23<sup>RD</sup> day of January, 1973, by a vote of 3 to 0.
