ILLINOIS POLLUTION CONTROL BOARD April 4, 1972

))

VILLAGE OF DEERFIELD

v.

72-9

ENVIRONMENTAL PROTECTION AGENCY

Opinion & Order of the Board (by Mr. Currie):

Deerfield petitioned for extension to December, 1973 of the June 1972 deadline (Rules and Regulations SWB-14) for advanced sewage treatment, alleging that delays in obtaining the approval of the Northeastern Illinois Planning Commission for the improved plant as part of the regional plan had caused a justifiable delay in commencing construction. Since the filing of the petition, we adopted a new December 1973 deadline for such treatment throughout the State, on the basis of revisions in the substantive requirements governing advanced treatment. See Water Quality Standards Revisions, #R 71-14, March 7, 1972. The Village's proposed schedule is within the new deadline, and therefore there is no need for a variance. The petition is therefore dismissed as moot.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this ______ day of April, 1972, by a vote of _____.

Ochistan Moffett
