ILLINOIS POLLUTION CONTROL BOARD April 4, 1972

183d TACTICAL	FIGHTER	GRO	UP)		
v.))	‡	⊭ 72 - 12
ENVIRONMENTAL	PROTECTI	ON	AGENCY)		

Opinion & Order of the Board (by Mr. Currie):

Petitioner seeks a variance, as granted in the past (#71-1) to burn a limited quantity of contaminated aviation fuel for purposes of training in firefighting techniques. Under our revised regulations adopted September 2, 1971 (R 70-11), the Agency may grant a permit for such burning, and no variance is needed in the absence of a showing that such a permit has been sought and denied. No such allegations having been made, there is no case here for a variance, and the petition is hereby dismissed.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion & Order this 4th day of April, 1972, by a vote of 4-0.
