

ILLINOIS POLLUTION CONTROL BOARD
July 18, 1972

VELSICOL CHEMICAL CORPORATION)
)
)
 v.) # 72-290
)
)
 ENVIRONMENTAL PROTECTION AGENCY)

Opinion and Order of the Board (by Mr. Currie):

This petition seeks a variance until the end of 1972 to divert present wastewater discharges from a Clark County plant to a deep well for disposal. The petition was filed with the Agency May 10, 1972, but, although the letter recites that a copy was being sent to us as well, the Board received it only on July 10. The petition does not conform to our procedural rules in that it wholly fails to inform us as to the nature, quantity, or strength of the discharge, or its effect upon the receiving stream. We cannot evaluate a petition on the absence of meaningful factual allegations. The petition is hereby dismissed for failure to allege the relevant facts as required by the Rules, without prejudice to the filing of a more complete petition.

I, Christian Moffet, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 18th day of July, 1972 by a vote of 5-0.

Christian L. Moffet
