BRUNO E. FEIGE)

 v.) PCB 72-192

 ENVIRONMENTAL PROTECTION AGENCY)

OPINION OF THE BOARD (by Mr. Kissel):

Bruno Feige has applied for a variance from the sewer connection ban in the North Shore Sanitary District. He asks for permission to connect a new single family home to the District's sewer system.

The request for variance does not have the information needed for the Board to make a decision and we therefore request the parties to submit the following:

1. Mr. Feige or the Agency should advise the Board which of the District's plants would receive the effluent from the Feige home;
2. the Agency should advise the Board whether the sewer line which would receive the effluent is overloaded; and
3. the Agency should file its recommendation with the Board.

We expect that the parties will respond to the Board's request within twenty (20) days of the date of this order.

It is so ordered.

I, Christan L. Moffet, Clerk of the Pollution Control Board, 10th certify that the Board adopted the above Opinion and Order this day of May, 1972 by a vote of 5-0.
