June 6, 1972

ENVIRONMENTAL PROTECTION AGENCY )  
 )  
 )  
 v. ) # 71-358  
 )  
 )  
 ALUMINUM COIL ANODIZING CORPORATION )

Preliminary Order on Motion for Non-Disclosure (by Mr. Currie):

Aluminum Coil moves that certain information the Agency seeks to obtain by discovery be stamped for non-disclosure pursuant to section 7(a) of the Environmental Protection Act and to our Procedural Rule 107. This motion raises new and important questions as to the interpretation of the non-disclosure provisions, which limit an important statutory policy favoring public access to information. We believe the parties should have full opportunity to present their views. If either party wishes to introduce evidence on the issues, the Hearing Officer shall be so notified on or before June 12, 1972, and upon such notification shall set a prompt date for hearing such evidence. Briefs shall be submitted on or before June 20, 1972, or such other date as the Hearing Officer shall determine. The Hearing Officer may permit a short time for the filing of reply briefs. As provided by Rule 107, the information shall not be disclosed beyond the parties pending resolution of this motion.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Preliminary Order this 6<sup>th</sup> day of June, 1972, by a vote of 4-0.

*Christan L. Moffett*
