 CITY OF ELMHURST)

Preliminary Order of the Board (by Mr. Currie):

This citizen complaint charges the City with allowing raw sewage to escape its sewers into basements. Though it is designated a "formal" complaint, we cannot tell whether or not the complainants wish us to schedule a hearing in which they must prove their case. Nor have we any indication that the respondents have been properly served as required by our rules to afford opportunity to defend. The complaint also fails to specify what provisions of the law are violated by the acts complained of. We shall allow 21 days from this date for submission of an amended complaint, failing which we shall refer the matter to the Environmental Protection Agency for investigation.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Preliminary Order this 3 rd day of October, 1972, by a vote of 4.
