

ILLINOIS POLLUTION CONTROL BOARD
November 11, 1971

ENVIRONMENTAL PROTECTION AGENCY)	
)	
v.)	PCB 71-157
)	
CITY OF SILVIS)	

Supplementary Order:

Our October 18 order requested further information from the parties regarding the pros and cons of possible regionalization of sewage treatment including the City of Silvis. The City has responded by affirming its earlier position that the disadvantages are too great; we have not yet heard from the Agency. Resolution of this important issue requires input from additional parties not here represented: the Village of Carbon Cliffs, the City of East Moline, and the Bi-State Planning Commission. We hereby make those entities parties and direct that they submit written position statements on the issue of regional sewage treatment for the area within thirty days. A further hearing is hereby authorized to be held after expiration of that period in order to allow for an exchange of views.

I, Christan Moffett, Acting Clerk of the Pollution Control Board, certify that the Board adopted the above Supplementary Order this 11 day of November, 1971.

Christan Moffett
