Opinion and Order of the Board (by Mr. Currie):

The Training School asks permission to burn old buildings in violation of the open burning law and regulations. The petition does not satisfy our procedural rules, which require a specification of facts respecting the costs and benefits of compliance in order that we can make the determination whether unreasonable hardship exists. The petition is therefore dismissed without prejudice to the filing of a more complete petition.

I, Christan L. Moffett, Acting Clerk of the Pollution Control Board certify that the Board adopted the above Opinion and Order of the Board this 13 day of December, 1971.
