ENVIRONMENTAL PROTECTION AGENCY )

OPINION OF THE BOARD (by Mr. Kissel):

The Highland Park Hospital Foundation ("Hospital") filed a variance petition with the Board on December 9, 1971, seeking to attach a twelve-unit apartment building to the North Shore Sanitary District sewer system tributary to the Clavey Road plant. The apartment building is to house nursing and technical personnel already living in other quarters at the Hospital. In order to keep such personnel "on call", the Hospital has found it necessary to provide living quarters on the premises.

Due to the vital role which a hospital plays in protecting the public health, we believe that this variance should be granted to the petitioner.

The variance is hereby granted.

Mr. Lawton took no part in the consideration or decision of this case.

I, Christan L. Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 7<sup>th</sup> day of March, 1972, by a vote of 3-0.
