RESPONSE OF CITY OF KANKAKEE

TO WASTE MANAGEMENT OF ILLINOIS, INC.'S OBJECTIONS
TO PETITIONER CITY OF KANKAKEE'S DISCOVERY REQUESTS

NOW COMES the CITY OF KANKAKEE (hereinafter the "City"), by and through its Assistant City Attorneys, L. PATRICK POWER and KENNETH A. LESHEN, and filing this response to the discovery objections filed by WASTE MANAGEMENT OF ILLINOIS, INC. (hereinafter "WMII"), states as follows:

- 1. The linchpin of WMII's discovery objections is its assertion that the City should not be allowed to inquire into the formation of the County Solid Waste Management Plan or any prefiling contacts between the County of Kankakee (hereinafter "County") and WMII.
- 2. WMII should be ordered to fully comply with the City's discovery because the formation and substance of the County solid waste plan and host agreement create a suspicion of bias in favor of WMII during the siting process; and therefore, go directly to the issue of fundamental fairness. In fact, the designation of WMII as the sole operator of any new landfill by the very language of the solid waste plan and inferentially, the exclusion of any other applicant, smacks not only of bias but of collusion, financial wrongdoing, and abuse of power involving the County and WMII.
- 3. WMII cites Residents Against A Polluted Environment v. The Illinois Pollution Control Board, 293 Ill.App.3d 219 for the proposition that the County's relationship and involvement with WMII in the amendment of the solid waste plan does not create a suspicion of bias by the County in its consideration of WMII's siting application. Residents, supra, specifically found that other than the mere reference to LandComp's (the

applicant) involvement with the amendment of the plan, the appellants did not offer any specific allegation establishing how LandComp's involvement with the amendment of a solid waste plan created bias during the siting process. In the instant case, the Illinois Pollution Control Board (hereinafter the "Board") has the following specific allegations to consider:

a.) On March 12, 2002, by Resolution, the Kankakee County Board amended its Solid Waste Management Plan, which stated in pertinent part as follows, to-wit:

"The first two paragraphs of <u>Section VI: Available</u>

<u>Landfill Capacity in Kankakee County</u> of the Kankakee County

Solid Waste Management Plan are hereby deleted and replaced with the following:

Kankakee County has a single landfill owned and operated by Waste Management of Illinois, Incorporated. This landfill has provided sufficient capacity to dispose of waste generated in Kankakee County and its owner has advised the County that it plans to apply for local siting approval to expand the facility to provide additional disposal capacity for the County. Operation of the landfill has been conducted pursuant to a Landfill Agreement signed by the County and Waste Management in 1974, and subsequently amended from time to time. In the event siting approval for any expansion is obtained, the landfill would provide a minimum of twenty (20) years of long term disposal capacity through expansion of the existing landfill.

An expansion of the existing landfill, if approved, would then satisfy the County's waste disposal needs for at least an additional 20 years, and in accord with the Kankakee County Solid Waste Management Plan (as amended), as well as relevant provisions of the Local Solid Waste Disposal Act and the Solid Waste Planning and Recycling Act, no new facilities would be necessary."

This amendment is part of the record in the siting hearing.

Consequently, as is apparent in the record, the County knew that its favored and designated applicant, WMII, intended to file a siting application at the time it amended its solid waste plan. WMII repeatedly colluded with the County regarding the solid waste plan and its own designation as the sole operator of any new landfill immediately prior to its application. This inherent and stated bias percolated through the siting process and hearing.

- b.) The County's March 12, 2002 amendment to its solid waste plan preceded by a scant 24 hours the application of Town and Country Utilities, Inc., to the City of Kankakee for siting of a solid waste disposal facility. The timeline is instructive:
  - i.) December 17, 2001: Correspondence from Dale Hoekstra of Waste Management to Charles Helsten regarding proposed amendment of solid waste management plan.
  - ii.) January 14, 2002: Correspondence from Dale Hoekstra of Waste Management of Illinois, Inc., to Solid Waste Director, Efraim Gil, responding to a report of a citizen's group by the name of "Outrage" regarding capacity of the Kankakee landfill.

- iii.) March 4, 2002: Notes of Mike VanMill concerning telephone call with Charles Helsten.
- iv.) March 11, 2002: Documents from files of Mike VanMill concerning proposed solid waste plan amendments.
- v.) March 12, 2002: Resolution amending Kankakee County Solid Waste Management Plan. See log of documents provided by Hinshaw & Culbertson attached hereto and incorporated herein as Exhibit A.
- vi.) March 13, 2002: Application of Town and Country to City of Kankakee for siting non-contiguous facility (strongly opposed by Waste Management and County of Kankakee).

This flurry of activity did not occur by happenstance. Rather, it is emblematic of the deeply flawed and biased activity of the County that permeated the siting process.

- 4. WMII further seeks to thwart the City's discovery requests by cloaking itself in a general catchall objection seeking to protect its documents and information by asserting the attorney-client privilege as it may apply. In the event that the privilege may apply, it is incumbent upon WMII to specifically assert that privilege in response to an identified document or communication that may be disclosed in response to an interrogatory. No such specific assertion has been raised.
- 5. WMII asserts in a boilerplate and repetitive objection asserted in response to both the document requests and to the interrogatories that they are burdensome and over-broad. The burden on WMII pales in comparison to the injury that may be inflicted on the citizenry of Kankakee County if the flawed and biased process of the County is not subjected to the appropriate scrutiny.

WHEREFORE, the City prays that an order be entered denying the objections of WMII to the discovery propounded by the City and for such other and further relief as the Board deems just, necessary and proper.

Respectfully submitted,

CITY OF KANKAKEE

Re: City of Kankakee v. County of Kankakee

Dear Mr. Leshen:

Pursuant to our communications I have agreed to provide you with a log of the various documents for which we are asserting privileges and objections. The purpose behind this log is to allow the parties to understand that the County of Kankakee is in possession of no documents between August 16, 2002 and January 31, 2003, which are not part of the public record. The only exception to this statement is internal memoranda between members of County staff that were involved in drafting the proposed recommendation. These memoranda were in no way reviewed by the decision makers and, therefore, are irrelevant, inadmissible, and not likely to lead to admissible evidence. Please also be advised that though a document may appear under a specific heading below, which reflects a primary privilege or objection to producing said document, that document may also be protected from to discovery or production on additional bases. For example, many of the documents for which there is an obvious attorney-client privilege are also protected because they were drafted prior to April 16, 2002.

#### ATTORNEY CLIENT PRIVILEGED

November 2, 2001	Correspondence from State's Attorney Edward Smith to Assistant State's Attorney Brenda Gorski concerning search for special assistant state's attorney concerning solid waste issues.
November 9, 2001	Correspondence from Attorney Edward Smith to Chairman of the County Board, Douglas Graves, concerning host agreement.
November 19, 2001	Correspondence from Attorney Helsten to Efraim Gil and Brenda Gorski regarding special assistant state's attorney position.
