**PETITION FOR REVIEW OF ILLINOIS ENVIRONMENTAL
PROTECTION AGENCY DECISIONS**

Keller Oil Properties, Inc. by its attorneys, Carolyn S. Hesse and Beth A. Harvey of Barnes & Thornburg, pursuant to the Illinois Environmental Protection Act, 415 ILCS 5/1 *et. seq.* (the "Act") and 35 Illinois Administrative Code Section 105.400 *et. seq.*, hereby appeals certain decisions by the Illinois Environmental Protection Agency (the "Agency").

1. Keller Oil Properties, Inc. ("Keller") is the owner of property located at 419 West Lincoln, Charleston, Coles County, Illinois. The site is a gasoline service station known as University BP or University Shell that has underground storage tanks (USTs) on the property, which store gasoline, heating oil, and diesel fuel.
2. LUST Incident Number 881670 was obtained following a site investigation.
3. On July 18, 2001, the Agency received Keller's request for reimbursement of costs from the Illinois Underground Storage Tank Fund (the "Request") for the period from July 1, 2000 to March 31, 2001, in the amount of \$22,725.05.

4. The Agency denied certain costs in the Request in a letter dated January 17, 2003, a copy of which is attached hereto as Exhibit A.
5. Keller is appealing this January 17, 2003 denial because:
 - (a) the Agency denied certain costs by claiming that the costs that the owner/operator failed to demonstrate were reasonable; and
 - (b) the Agency denied certain costs due to lack of supporting technical documentation as the owner/operator failed to demonstrate that the costs are for corrective action performed in accordance with agency approved plans.
6. Keller disagrees with the Agency's decision and believes that the costs submitted for reimbursement are corrective action costs, are reasonable and are the types of costs that are eligible for reimbursement under the Act and implementing regulations.
7. The Agency's letter denying reimbursement, Exhibit A, provides no further explanation of the Agency's reasons or bases for denial that could aid Petitioner in setting forth its grounds of appeal. Nevertheless, the Agency's denial is a final decision that Petitioner must appeal to the Board in order to preserve and enforce Petitioner's right to reimbursement under the UST Fund.
8. On February 26, 2003, the parties timely filed a joint notice to extend the appeal deadline. On March 6, 2003, the Board filed an order extending the appeal deadline until May 27, 2003, a copy of which is attached hereto as Exhibit B. Pursuant to the Board's March 6, 2003 order, this appeal is timely filed.

WHEREFORE, Keller Oil Properties, Inc. respectfully requests that the Board enter an order that will provide that it be reimbursed from the UST Fund for its submitted costs and for its attorneys fees and costs in bringing this appeal.

Respectfully submitted,

KELLER OIL PROPERTIES, INC.

Dear Mr. Henry:

The Agency has completed the review of the request for reimbursement of corrective action costs from the Illinois Underground Storage Tank Fund for the above-referenced facility. The invoices reviewed covered the period from July 1, 2000 to March 31, 2001. The amount requested was \$22,725.05.

The deductible amount for this claim is \$50,000.00, which was previously deducted from reimbursement requests received June 29, 1999, May 18, 2000, and March 26, 2001. Listed in Attachment A are the costs which are not being reimbursed from this request and the reasons these costs are not being reimbursed.

On July 18, 2001, the Agency received your complete request for payment for this claim. As a result of the Agency's review of this claim, a voucher for \$13,310.90 will be prepared for submission to the Comptroller's Office for payment as funds become available based upon the date the Agency received your complete request for payment of this claim. Subsequent claims that have been/are submitted will be processed based upon the date complete subsequent billings requests are received by the Agency.

This constitutes the Agency's final action with regard to the above invoices. An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board (Board) pursuant to Section 22.18b(g) and Section 40 of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day

period may be extended for a period of time not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. If the owner or operator wishes to receive a 90-day extension, a written request that includes a statement of the date the final decision was received, along with a copy of this decision, must be sent to the Illinois EPA as soon as possible.

KELLER OIL (July 1, 2000 – March 31,
2001),

Petitioner,

v.

ILLINOIS ENVIRONMENTAL
PROTECTION AGENCY,

Respondent.

ORDER OF THE BOARD (by T.E. Johnson):

On February 26, 2003, the parties placed in the U.S. mail a joint request to extend the 35-day period within which Keller Oil may appeal a January 17, 2003 determination of the Illinois Environmental Protection Agency (Agency). See 415 ILCS 5/40(a)(1) (2002); 35 Ill. Adm. Code 105.206(c), 105.208(a), (c). Keller Oil was served the Agency determination on January 22, 2003. The Board received the joint request on March 3, 2003. Because the postmark date of the joint request is within the 35-day filing period after service of the Agency determination, the request was timely filed. 35 Ill. Adm. Code 101.300(b)(2), 105.404. The Agency determined that Keller Oil was entitled to a reimbursement of \$13,310.90 from the Underground Storage Tank Fund. Keller Oil requested a \$22,725.05 refund. This matter regards Keller Oil's leaking underground storage tank site at 419 West Lincoln in Charleston, Coles County. The Board extends the appeal period until May 27, 2003. See 415 ILCS 5/40(a)(1) (2002); 35 Ill. Adm. Code 105.208(a). If Keller Oil fails to file an appeal on or before that date, the Board will dismiss this case and close the docket.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on March 6, 2003, by a vote of 6-0.
