**AMENDED PETITION FOR REVIEW OF ILLINOIS ENVIRONMENTAL  
PROTECTION AGENCY DECISIONS**

Royer Oil Company, by its attorney, Carolyn S. Hesse of Barnes & Thornburg, pursuant to the Illinois Environmental Protection Act, 415 ILCS 5/1 *et. seq.* (the "Act") and 35 Illinois Administrative Code Section 105.400 *et. seq.*, hereby appeals certain decisions by the Illinois Environmental Protection Agency (the "Agency").

1. Royer Oil Company ("Royer") is the owner of property located at 200 South Third, Greenville, Bond County, Illinois. The site was a gasoline service station that had underground storage tanks (USTs) on the property, which stored gasoline and diesel fuel.
2. LUST Incident Number 900202 was obtained following a site investigation.
3. On July 18, 2002, the Agency received Royer's request for reimbursement of costs from the Illinois Underground Storage Tank Fund (the "Request") for the period from January 1, 1998 to September 30, 1998, in the amount of \$45,659.12.

4. The Agency denied certain costs in the Request in a letter dated February 25, 2003, a copy of which is attached hereto as Exhibit A.
5. Royer is appealing this February 25, 2003 denial because the Agency denied certain costs by claiming that the owner/operator failed to demonstrate that the costs were reasonable.
6. Royer disagrees with the Agency's decision and believes that the costs submitted for reimbursement are reasonable corrective action costs and are the types of costs that are eligible for reimbursement under the Act and implementing regulations.
7. The Agency's letter denying reimbursement, Exhibit A, provides no further explanation of the Agency's reasons or bases for denial that could aid Petitioner in setting forth its grounds of appeal. Nevertheless, the Agency's denial is a final decision that Petitioner must appeal to the Board in order to preserve and enforce Petitioner's right to reimbursement under the UST Fund.
8. On April 2, 2003, the parties timely filed a joint notice to extend the appeal deadline. On April 17, 2003, the Board filed an order extending the appeal deadline until July 1, 2003, a copy of which is attached hereto as Exhibit B. Pursuant to the Board's April 17, 2003 order, this appeal is timely filed.

WHEREFORE, Royer Oil Company respectfully requests that the Board enter an order that will provide that it be reimbursed from the UST Fund for its submitted costs and for its attorneys' fees and costs in bringing this appeal.

Respectfully submitted,

LUST FISCAL FILE

Dear Mr. Royer:

The Agency has completed the review of the request for reimbursement of corrective action costs from the Illinois Underground Storage Tank Fund for the above-referenced facility. The invoices reviewed covered the period from January 1, 1998 to September 30, 1998. The amount requested was \$45,659.12.

The deductible amount for this claim is \$10,000.00, which was previously deducted from the Invoice Voucher dated August 5, 1996. Listed in Attachment A are the costs which are not being reimbursed from this request and the reasons these costs are not being reimbursed.

On July 18, 2002, the Agency received your complete request for payment for this claim. As a result of the Agency's review of this claim, a voucher for \$41,028.81 will be prepared for submission to the Comptroller's Office for payment as funds become available based upon the date the Agency received your complete request for payment of this claim. Subsequent claims that have been/are submitted will be processed based upon the date complete subsequent billings requests are received by the Agency.

This constitutes the Agency's final action with regard to the above invoices. An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board (Board) pursuant to Section 22.18b(g) and Section 40 of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period of time not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. MOTION TO CONSOLIDATE

NOW COMES Royer Oil Company by one of its attorneys, Carolyn Hesse of Barnes & Thornburg, pursuant to 35 Ill. Adm. Code 101.406 and hereby moves to consolidate three appeals of Illinois Environmental Protection Agency ("Agency") decisions that were filed on July 1, 2003 and July 7, 2003. In support of this motion, Petitioner states as follows:

1. One underground storage tank ("UST") appeal was filed on July 1, 2003 and two UST appeals were filed on July 7, 2003. The case numbers are: PCB 03 - 180, PCB 03- 186, and PCB 03-187.
2. All three appeals involve a denial of reimbursement of costs from the Leaking Underground Storage Tank Trust Fund to perform corrective action activities at property located at 200 South Third, Greenville, Bond County, Illinois. This property is owned by Royer Oil Company.
3. The corrective action activities related to all appeals are related to corrective action activities for the same underground storage tanks that leaked.

4. The three different Agency letters denying reimbursement apply to activities at the site, but cover differing periods of time and different costs and expenses related to the corrective action activities.
5. Because the factual basis of the three petitions are closely related, consolidating the three petitions into one proceeding will be more convenient to the Board, the Agency and Petitioner; consolidation will also result in a more expeditious and complete determination of the claims and would not cause material prejudice to any party. Further, consolidation of the claims will provide for a more efficient administration of justice and reduce duplication of efforts that would be required if the appeals were handled separately. The burden of proof for the three appeals is identical and will be based on nearly identical facts and background information.

WHEREFORE, Petitioner, Royer Oil Company, respectfully requests that the Board grant its motion to consolidate the three petitions filed on behalf of Royer Oil Company.

4. The Agency denied certain costs in the Request in a letter dated March 3, 2003, a copy of which is attached hereto as Exhibit A.
5. Royer is appealing this March 3, 2003 denial because the Agency denied certain costs by claiming that the owner/operator failed to demonstrate that the costs were reasonable.

On April 14, 2003, the parties timely filed a joint notice to extend the 35-day period within which Royer Oil Company may appeal a March 3, 2003 determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/40(a)(1) (2002); 35 Ill. **PETITION FOR REVIEW OF ILLINOIS ENVIRONMENTAL  
PROTECTION AGENCY DECISIONS**

Royer Oil Company, by its attorney, Carolyn S. Hesse of Barnes & Thornburg, pursuant to the Illinois Environmental Protection Act, 415 ILCS 5/1 *et. seq.* (the "Act") and 35 Illinois Administrative Code Section 105.400 *et. seq.*, hereby appeals certain decisions by the Illinois Environmental Protection Agency (the "Agency").

1. Royer Oil Company ("Royer") is the owner of property located at 200 South Third, Greenville, Bond County, Illinois. The site was a gasoline service station that had underground storage tanks (USTs) on the property, which stored gasoline and diesel fuel.
2. LUST Incident Number 900202 was obtained following a site investigation.
3. On February 26, 2002, the Agency received Royer's complete request for reimbursement of costs from the Illinois Underground Storage Tank Fund (the "Request") for the period from June 1, 1997 to December 31, 1997, in the amount of \$32,398.76.

4. The Agency denied certain costs in the Request in a letter dated March 3, 2003, a copy of which is attached hereto as Exhibit A.
5. Royer is appealing this March 3, 2003 denial because the Agency denied certain costs by claiming that the owner/operator failed to demonstrate that the costs were reasonable.
6. Royer disagrees with the Agency's decision and believes that the costs submitted for reimbursement are reasonable corrective action costs and are the types of costs that are eligible for reimbursement under the Act and implementing regulations.
7. The Agency's letter denying reimbursement, Exhibit A, provides no further explanation of the Agency's reasons or bases for denial that could aid Petitioner in setting forth its grounds of appeal. Nevertheless, the Agency's denial is a final decision that Petitioner must appeal to the Board in order to preserve and enforce Petitioner's right to reimbursement under the UST Fund.
8. On April 14, 2003, the parties timely filed a joint notice to extend the appeal deadline. On April 17, 2003, the Board filed an order extending the appeal deadline until July 8, 2003, a copy of which is attached hereto as Exhibit B. Pursuant to the Board's April 17, 2003 order, this appeal is timely filed.

WHEREFORE, Royer Oil Company respectfully requests that the Board enter an order that will provide that it be reimbursed from the UST Fund for its submitted costs and for its attorneys' fees and costs in bringing this appeal.

Respectfully submitted,

ORDER OF THE BOARD (by T.E. Johnson):

On April 14, 2003, the parties timely filed a joint notice to extend the 35-day period within which Royer Oil Company may appeal a March 3, 2003 determination of the Illinois Environmental Protection Agency (Agency). See 415 ILCS 5/40(a)(1) (2002); 35 Ill. Adm. Code 105.206(c), 105.208(a), (c). The Board extends the appeal period until July 8, 2003, as the parties request. See 415 ILCS 5/40(a)(1) (2002); 35 Ill. Adm. Code 105.208(a). If Royer Oil Company fails to file an appeal on or before that date, the Board will dismiss this case and close the docket.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on April 17, 2003, by a vote of 6-0.
