CONCURRING OPINION (by G.T. Girard and J. Theodore Meyer):

We respectfully concur with the action taken by the majority today. On page four of the majority's order, the majority strikes paragraph two of Mr. Bensman's petition for review. The majority strikes this paragraph because Mr. Bensman "is prohibited from representing the Sierra Club" in this matter. In a dissenting opinion of October 2, 1997, we disagreed with the majority's position that Mr. Bensman cannot represent the Sierra Club in this matter.

An attorney representing the Sierra Club has subsequently filed an appearance before the Board in this matter. Thus, the challenge set forth in paragraph two of Mr. Bensman's original petition will be carried forward in this proceeding. Therefore, since we agree with the other determinations made in the majority's order, we believe that we need only concur with that order. We do however continue to stand by our dissent of October 2, 1997.
