JURISDICTION

This Administrative Citation is issued pursuant to the authority vested in the Illinois Environmental Protection Agency by Section 31.1 of the Illinois Environmental Protection Act, 415 ILCS 5/31.1 (2002).

FACTS

1. That Larry Lord is the present owner and operator of a facility located approximately three miles south of Sparland, off Illinois Route 29, in Marshall County, Illinois. The property is commonly known to the Illinois Environmental Protection Agency as Lord Property.

2. That said facility is an open dump operating without an Illinois Environmental Protection Agency Operating Permit and is designated with Site Code No. 1238105001.

3. That Respondent has owned and operated said facility at all times pertinent hereto.

4. That on July 11, 2003, Jeff Port of the Illinois Environmental Protection Agency's Peoria Regional Office inspected the above-described facility. A copy of his inspection report setting forth the results of said inspection is attached hereto and made a part hereof.

VIOLATIONS

Based upon direct observations made by Jeff Port during the course of his July 11, 2003 inspection of the above-named facility, the Illinois Environmental Protection Agency has determined

that Respondent has violated the Illinois Environmental Protection Act (hereinafter, the "Act") as follows:

Narrative

On July 11, 2003, I (Jeff Port) performed a follow-up inspection at the Larry Lord property located south of Sparland on Illinois Route 29. The purpose of this inspection was to determine if compliance had been achieved with respect to violations cited in an April 10, 2002, Administrative Citation Warning Notice. These violations were observed during a March 22, 2002 inspection.

I arrived at the site at 10:25 a.m. The weather was sunny and warm, approximately 65 °F. I was accompanied by R. Eugene Figge, DLPC/FOS-Peoria. No one was present at the property. We began walking around the property and located several areas where waste tires had been accumulated. Mr. Figge sampled the tires to check for the presence of mosquito larvae. Sampling of the tires revealed the presence of larval mosquitoes of the Ochlerotatus genus. Ochlerotatus most likely the Tree Hole Mosquito is capable of transmitting West Nile Virus and is the primary carrier of La Crosse encephalitis. Photographs P1, P2, P8, and P9 show the waste tires. Additionally, we located areas where demolition debris had been dumped. Photographs P3 through P5 and P10 show the demolition debris. White goods were also present on the site and can be seen in photographs P6 and P7. It appeared that additional waste material had been brought to the site since the previous inspection. After photographing the site we left at 10:45 a.m.

Photograph locations are depicted on the accompanying site map. Based upon this inspection, the following continuing violations were observed.

1. Pursuant to Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)), no person shall cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

A violation of Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)) is alleged for the following reason: **By allowing the accumulation of waste at the site, you threatened water pollution in Illinois.**

2. Pursuant to Section 12(d) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(d)), no person shall deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

A violation of Section 12(d) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(d)) is alleged for the following reason: **By allowing the accumulation of waste at the site, you created a water pollution hazard.**

6. Pursuant to Section 21(e) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(e)), no person shall dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

A violation of Section 21(e) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(e)) is alleged for the following reason: **You conducted a waste-disposal operation at a site that does not meet the requirements of Sections 12(a), 12(d), 21(a), 21(d)(1) and 21(d)(2) of the Act, and Section 812.101(a) of the Regulations.**

The applications must contain the information required by this Subpart and by Section 39(a) of the Act, except as otherwise provided in 35 Ill. Adm. Code 817.
