RECOMMENDATION

Now Comes the Illinois Environmental Protection Agency ("Illinois EPA"), through its attorneys, and pursuant to Section 125.204 of the Illinois Pollution Control Board's ("Board") regulations, files the following Recommendation regarding the tax certification of air pollution control facilities pursuant to 35 Ill. Adm. Code 125.204.

- 1) On April 22, 2003, the Illinois EPA received a request from Central Blacktop Company, Inc. for an Illinois EPA recommendation regarding the tax certification of air pollution control facilities pursuant to 35 III. Adm. Code 125.204, and noted the request as log number TC-03-04-22. (Exhibit A).
- The applicant's address is: 2) Joseph E. Benson Central Blacktop Company, Inc. 6160 S. East Ave. Hodgkins, Illinois 60525
- The air pollution control facilities in this request are located at 6301 S. East Avenue, 3) Hodgkins, Cook County, property ID numbers: 18-22-100-004, 18-22-100-008, 18-22-100-

009, 18-22-100-010, 18-22-100-014, 18-22-100-015, 18-22-100-016, 18-22-100-017, 18-22-100-018, 18-22-100-020, 18-22-100-021 and consist of the following:

Baghouse with fabric filter type bags, fan and motor. Primary dust collection cyclone, ductwork, screw conveyor, airlocks, bluesmoke package with fans and ductwork, fans, motors, and compressors, gas fired burner with dustfines removal and metering which are all pollution control devices whose primary purpose is the removal of particulate matter. Particulate matter is a regulated air contaminate. Because the primary purpose of this system is to reduce or eliminate air pollution, it is certified as a pollution control facility.

- 4. Section 11-10 of the Property Tax Code, 35 ILCS 200/11-10 (2000), defines "pollution control facilities" as: "any system, method, construction, device or appliance appurtenant thereto or any portion of any building or equipment, that is designed, constructed, installed or operated for the primary purpose of: (a) eliminating, preventing, or reducing air or water pollution ...or (b) treating, pretreating, modifying or disposing of any potential solid, liquid or gaseous pollutant which if released without treatment, pretreatment modification or disposal might be harmful, detrimental or offensive to human, plant or animal life, or to property."
- 5. Pollution control facilities are entitled to preferential tax treatment, 35 ILCS 200/11-5 (2000).
- 6. Based on the information in the application and the purpose of the facilities, to prevent,

eliminate or reduce air pollution, it is the Illinois EPA's engineering judgment that the described facilities may be considered "pollution control facilities," pursuant to 35 Ill. Adm. Code 125.200(a), with the primary purpose of eliminating, preventing, or reducing air pollution, or as otherwise provided in 35 Ill. Adm. Code 125.200. Therefore, the facilities are eligible for tax certification from the Board.

7. Therefore, the Illinois EPA recommends that the Board issue the requested tax certification.

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,

Rv

Robb H. Layman

ADDENDUM TO THAT CERTAIN APPLICATION OF CENTRAL BLACKTOP CO., INC. DIRECTED TO THE ILLINOIS ENVIRONMENTAL PROTECTION AGENCY SEEKING ASSESSMENT OF THAT ASPECT OF THE MIXING EQUIPMENT WHICH IS DEVOTED TO POLLUTION CONTROL

Central Blacktop Co., Inc. operates a pavement manufacturing plant which utilizes 22 acres situated in the Village of Hodgkins, Cook County, Illinois. It employs thereat a sophisticated device for the mixing of raw materials so as to constitute blacktop paving readily for shipment and use. An aspect of the mixing equipment is various pollution control devices. The mixing equipment concerned and the overall facility to which reference is made constitutes 22 acres of land situated upon an aggregate 29 acres which are designated by the following property index numbers:

18-22-100-004	18-22-100-015	18-22-100-021
18-22-100-008	18-22-100-016	
18-22-100-009	18-22-100-017	
18-22-100-010	18-22-100-018	
18-22-100-014	18-22-100-020	

A diagram is made part of this Addendum upon which there is delineated such 22 acres and does show that all or portions, as the case may be, of the segments of property identified by the aforesaid property index numbers do make up the 22 acre facility which is variously owned and leased by Central Blacktop. Applicant's equitably owned portion constitutes 10 acres and the 12 acres which are the balance of the facility are leased on a long-term basis. The Applicant is responsible for the payment of all of the real estate taxes levied upon the leased property as well as its equitably owned property. The improvements shown upon the diagram which is an exhibit hereto and which reference is made hereinbefore are all improvements owned and placed upon such property by the Applicant, Central Blacktop Co., Inc. attached is the appraisal report of John Clark of John F. Clark & Associates dated January 13, 2003 having to do with an estimate of the valuation of the mixing equipment and does delineate in the sense of value designation the pollution control equipment which is a principal aspect thereof; and in addition, there is provided the supplement to the Clark & Associates of the appraisal of the overall property excluding the mixing equipment but by way of this supplement specifying the usage of the 22 acre tract constituting the paving manufacturing facility.

PROOF OF SERVICE

I, the undersigned, certify that I have served the attached APPEARANCE AND RECOMMENDATION upon the person to whom it is directed, by placing them in an envelope addressed to:

TO: Dorothy Gunn, Clerk
Illinois Pollution Control Board
State of Illinois Center
100 W. Randolph Street, Suite 11-500
Chicago, Illinois

Steve Santarelli Illinois Department of Revenue 101 West Jefferson P.O. Box 19033 Springfield, Illinois 62794 Joseph E. Benson Central Blacktop Company, Inc. 6160 S. East Ave. Hodgkins, Illinois 60525

and mailing it by First Class Mail from Springfield, Illinois on October 15, 2003, with sufficient postage affixed.

Robb H. Layman

Special Assistant Attorney General
