Dear Pollution Control Board:

I have lived in Rochelle, for many years, we have always had a community that had fresh air and good water. Now it is all trying to be taken away from us. We have expressed our strong issues to our local elected officials and they after considering all the facts at the Hearings, agree that this Dump is not in the best interest of our community.

Please help us to look out for our interest also by supporting our City Council, as we do. Yours truly:

Maida L. Goff

**This is in reference to Name: Rochelle Waste Disposal, L.L.C,
vs. City Council of the City of Rochelle, IL. Case # PCB 03-218**

~~and PCB 03-189~~

*whereas this proposition has been voted down once,
Why renew it?
If we need an extension to our present waste
disposal for our Rochelle Community, we will see
to it, but let surrounding areas see to their own.*
