STATE OF ILLINOIS
POLLUTION CONTROL BOARD

PC #22

Dear IPCB

my fellow Rochelle citizens, and I have tried to stop the Dump. It is all about greed. Having between Orchard Hills Landfill at Davis Junction, which has well over 20 years of life and Green River Landfill in Lee County, near Amboy, has well over 20 years of life. There is no need for a landfill expansion in this area. Especially, since the Health, Safety and Welfare criteria, cannot be met at this location (and that is very obvious to the majority of the citizens). I hope to never have to answer these following questions (1) Grandma, why can't we drink the water? (2) Grandma, what is that "eternal flame" for? (3) Grandpa, why do I have to pay so much to clean up after you?

This Dump is something we can live without.

Please help us in your vote.

Thank you

Ann Beaudin
