Dear Mr. Halleran:

I am writing this letter on behalf of my constituent Mrs. Barbara Start. I ask that this letter be an attachment to her case file No. PCB-02-164.

As a farmer in addition to being a county board member, I feel that I have some credibility. Washington Township currently is a mixture of farming, rural residential and horse stables on 10 acre parcels. This case was filed because of a break-down of neighbors understanding for each other.

It's a proven fact that propane cannons are not an effective method of controlling the crow population. As a farmer, I've always felt that we have a responsibility to live in harmony with our neighbors. As a county board member,

*I trust the Pollution Control Board will find a resolve to Mrs. Stuart concerns.*

*If there is a violation of noise, we can correct and work together for alternative methods of crop damage by birds.*

*Thank you in advance for your consideration of my request.*

*Sincerely*
