MOTION FOR DELAY OF DECISION

NOW COMES the Illinois Environmental Protection Agency (“Illinois EPA”), by and through one of its attorneys, Kyle Rominger, and, pursuant to 35 Ill. Adm. Code 101.500, respectfully requests that the Illinois Pollution Control Board (“Board”) delay its decision on the Illinois Environmental Protection Agency’s Motion for the Adoption of Emergency Rules (“Motion”) until its May 20, 2004, meeting. In support of this motion, the Illinois EPA states as follows:

1. On April 19, 2004, the Illinois EPA filed a Motion for the Adoption of Emergency Rules. In that Motion the Illinois EPA requests that the Board adopt in an emergency rulemaking the Illinois EPA’s proposed amendments to 35 Ill. Adm. Code 732 and new 35 Ill. Adm. Code 734.

2. Since the filing of the Illinois EPA’s Motion the Illinois EPA has met twice with the newly formed group Professionals of Illinois for Protection of the

Environment (“PIPE”) to discuss alternative emergency rules and changes to the Illinois EPA’s proposed rules that are agreeable to everyone.

3. Members of PIPE involved in the discussions with the Illinois EPA include the following consulting firms that have filed objections to the Illinois EPA’s Motion and/or whose members expressed concern about the Illinois EPA’s rulemaking proposal at the first hearing: CW³M Company, Inc., United Science Industries, CSD Environmental Services, and Marlin Environmental.

4. Representatives of the Consulting Engineers Counsel of Illinois (“CECI”) and the Illinois Petroleum Marketers Association (“IPMA”) also attended the meetings between the Illinois EPA and PIPE.

5. The Illinois EPA believes that alternative emergency rules that are agreeable to it, PIPE, CECI, and IPMA can be developed and submitted to the Board prior to its May 20, 2004, Board meeting. The members of PIPE have expressed a desire to work with the Illinois EPA to develop such rules. The Illinois EPA intends to submit the alternative emergency rules to the Board as soon as possible.

6. The Board’s adoption of emergency rules will provide the Illinois EPA with rules for the review of budgets and applications for reimbursement during the period the emergency rules are effective.

7. Once emergency rules are adopted the Illinois EPA intends to work with PIPE, CECI, and IPMA to develop an amended rulemaking proposal that is agreeable to everyone. The members of PIPE have expressed a desire to work with the Illinois EPA to develop such rules. The Illinois EPA intends to submit the amended proposal to the

Board as soon as possible so the Board, hopefully, can, adopt final rules by the time the emergency rules expire.

WHEREFORE, for the reasons stated above, the Illinois EPA respectfully requests that the Board delay its decision on the Illinois EPAs Motion for the Adoption of Emergency Rules to allow for the submission of alternative emergency rules.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL
PROTECTION AGENCY

Kyle Rominger
Assistant Counsel
