REQUEST FOR NINETY DAY EXTENSION
OF APPEAL PERIOD

NOW COMES the Respondent, the Illinois Environmental Protection Agency ("Illinois EPA"), by one of its attorneys, John J. Kim, Assistant Counsel and Special Assistant Attorney General, and, pursuant to Section 40(a)(1) of the Illinois Environmental Protection Act (415 ILCS 5/40(a)(1)) and 35 Ill. Adm. Code 105.208, hereby requests that the Illinois Pollution Control Board ("Board") grant an extension of the thirty-five (35) day period for petitioning for a hearing to July 28, 2004, or any other date not more than a total of one hundred twenty-five (125) days from the date of the Illinois EPA's final decision. In support thereof, the Illinois EPA respectfully states as follows:

1. On March 19, 2004, the Illinois EPA issued a final decision to the Petitioner.
(Exhibit A)

2. On April 27, 2004, the Petitioner made a written request to the Illinois EPA for an extension of time by which to file a petition for review, asking the Illinois EPA join in requesting that the Board extend the thirty-five day period for filing a petition to ninety days. The Petitioner represented that the final decision was received on March 25, 2004. (Exhibit B)

3. The additional time requested by the parties may eliminate the need for a hearing in this matter or, in the alternative, allow the parties to identify issues and limit the scope of any hearing that may be necessary to resolve this matter.

WHEREFORE, for the reasons stated above, the parties request that the Board, in the interest of administrative and judicial economy, grant this request for a ninety-day extension of the thirty-five day period for petitioning for a hearing.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,
Respondent

Re: LPC#0190655076 - Champaign County
Rantoul/Johnson Oil Co.
629 West Champaign Road
LUST Incident No. 20001456
LUST Technical File

Dear Mr. Bush:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the High Priority Site Investigation Corrective Action Plan (plan) submitted for the above-referenced incident. This information, dated November 17, 2003, was received by the Illinois EPA on November 21, 2003. This document was originally submitted as a High Priority Site Investigation Corrective Action Budget, however, due to revisions made to the plan, which was previously approved, it is considered a Revised High Priority Site Investigation Corrective Action Plan (plan). Citations in this letter are from the Environmental Protection Act (Act) and 35 Illinois Administrative Code (35 Ill. Adm. Code).

Pursuant to Section 57.7(c)(4) of the Act and 35 Ill. Adm. Code 732.405(c), the plan is modified. The modifications listed below are necessary, in addition to those provisions already outlined in the plan, to demonstrate compliance with Title XVI of the Act and 35 Ill. Adm. Code 732. Please note that the activities proposed in the plan are for investigative purposes only. Final approval for corrective action activities is contingent upon the submittal of a High Priority Corrective Action Plan that documents the results of the proposed investigation and satisfies the requirements set forth in Section 57.7(c)(1) of the Act and 35 Ill. Adm. Code 732.404. The required modification(s) is/are as follows:

Monitoring wells MW10 thru MW17 are only approved if necessary to define the plume. Specifically, if the analytical results of MW12 define the extent of contamination, then MW16 and MW17 would be unnecessary and therefore ineligible for payment. The same principal of plume definition would also apply to all other wells proposed in this revised plan (MW10 thru MW17).

In addition, the budget for the High Priority Site Investigation Corrective Action Plan is modified pursuant to Section 57.7(c)(4) of the Act and 35 Ill. Adm. Code 732.405(c). Based on the modifications listed in Section 2 of Attachment A, the amounts listed in Section 1 of Attachment A are approved. Please note that the costs must be incurred in accordance with the approved plan. Be aware that the amount of

ROCKFORD - 4302 North Main Street, Rockford, IL 61103 - (815) 967-7700 • DES PLAINES - 9511 W. Harrison St., Des Plaines, IL 60016 - (847) 294-4000

reimbursement may be limited by Sections 57.8(e), 57.8(g) and 57.8(d) of the Act, as well as 35 Ill. Adm. Code 732.604, 732.606(s), and 732.611.

Please note that, if the owner or operator agrees with the Illinois EPA's modifications, submittal of an amended plan and/or budget, if applicable, is not required (Section 57.7(c)(4) of the Act and 35 Ill. Adm. Code 732.503(f)). Additionally, pursuant to Section 57.8(a)(5) of the Act and 35 Ill. Adm. Code 732.405(e), if reimbursement will be sought for any additional costs that may be incurred as a result of the Illinois EPA's modifications, an amended budget must be submitted.

NOTE: Amended plans and/or budgets must be submitted and approved prior to the issuance of a No Further Remediation (NFR) Letter. Costs associated with a plan or budget that have not been approved prior to the issuance of an NFR Letter will not be reimbursable.

Pursuant to 35 Ill. Adm. Code 732.401, the site investigation results and a High Priority Corrective Action Plan demonstrating compliance with the requirements set forth in Section 57.7(e)(1) of the Act and 35 Ill. Adm. Code 732.404 must be submitted within 90 days of the date of this letter to:

Illinois Environmental Protection Agency
Bureau of Land - #24
Leaking Underground Storage Tank Section
1021 North Grand Avenue East
Post Office Box 19276
Springfield, IL 62794-9276

Please submit all correspondence in duplicate and include the Re: block shown at the beginning of this letter.

An underground storage tank system owner or operator may appeal this decision to the Illinois Pollution Control Board. Appeal rights are attached.

If you have any questions or need further assistance, please contact Lizz Schwartzkopf at 217/557-8763.

Attachment A

Re: LPC#0190655076 -- Champaign County
 Rantoul/Johnson Oil Co.
 629 West Champaign Road
 LUST Incident No. 20001456
 LUST Technical File

Citations in this attachment are from the Environmental Protection Act (Act) and 35 Illinois Administrative Code (35 Ill. Adm. Code).

SECTION 1

The budget was previously approved for:

| | |
|------------|---------------------------------|
| \$6,436.20 | Investigation Costs |
| \$1,015.00 | Analysis Costs |
| \$9,256.00 | Personnel Costs |
| \$375.00 | Equipment Costs |
| \$682.05 | Field Purchases and Other Costs |
| \$858.62 | Handling Charges |

As a result of the Illinois EPA's modification(s) in Section 2 of this Attachment A, the following amounts are approved:

| | |
|------------|---------------------------------|
| \$7,836.98 | Investigation Costs |
| \$2,505.00 | Analysis Costs |
| \$9,100.00 | Personnel Costs |
| \$725.00 | Equipment Costs |
| \$7,974.36 | Field Purchases and Other Costs |
| \$1,832.06 | Handling Charges |

Therefore, the total cumulative budget is approved for:

| | |
|--------------|---------------------------------|
| \$14,273.18 | Investigation Costs |
| --\$3,520.00 | Analysis Costs |
| \$18,356.00 | Personnel Costs |
| \$1,100.00 | Equipment Costs |
| \$8,656.41 | Field Purchases and Other Costs |
| \$2,690.68 | Handling Charges |

SECTION 2

1. \$1,453.00 for an adjustment in Monitoring Well and Manhole installation, \$2,498.00 for an adjustment in Personnel costs previously deducted as unreasonable, \$1,832.00 for an adjustment in Pilot Study Personnel costs, \$20,809.25 for an adjustment in Personnel costs for site investigation costs, \$15.00 for an adjustment in Digital Camera costs, \$10.00 for an adjustment in Development pump costs, \$135.68 for an adjustment in Nitrile glove costs,

\$109.50 for an adjustment in mobilization costs for personnel from Indianapolis for Pilot Study, and \$6.49 for an adjustment in mileage costs due to incorrect rate. The Illinois EPA has determined that these costs are not reasonable as submitted (Section 57.7(c)(4)(C) of the Act and 35 Ill. Adm. Code 732.606(hh)). One of the overall goals of the financial review is to assure that costs associated with materials, activities, and services are reasonable (35 Ill. Adm. Code 732.505(c)). Please note that additional information and/or supporting documentation may be provided to demonstrate the costs are reasonable.

Well/manhole installation cost should be included with the monitoring well installation materials. In addition the monitoring well installation materials listed on page E-2 of the budget are unreasonable.

The Personnel cost deducted from the previous budget remain unreasonable.

Personnel costs for the Pilot Study were considered separately from the previous personnel costs (listed above), and the personnel costs for site investigation activities (listed below).

Personnel costs for the final HPCAP and budget should be included with the plan and budget and will be addressed at that time. These costs should not be included with the additional site investigation. The personnel costs for the site investigation activities include costs for the installation and development of the wells and interim report of the findings of the investigation. The pilot study costs were not included in this amount.

2. \$36.00 for report shipping costs(FedEx). Indirect corrective action costs for personnel, materials, service, or equipment charged as direct costs are ineligible for payment from the Fund (35 Ill. Adm. Code 732.606(v)).
3. \$61.62 for an adjustment in handling charges. Handling charges are eligible for payment only if they are equal to or less than the amount determined by the following table (Section 57.8(g) of the Act and 35 Ill. Adm. Code 732.607):

| Subcontract or Field Purchase Cost: | Eligible Handling Charges as a Percentage of Cost: |
|--|---|
| \$0 - \$5,000 | 12% |
| \$5,001 - \$15,000 | \$600 plus 10% of amount over \$5,000 |
| \$15,001 - \$50,000 | \$1,600 plus 8% of amount over \$15,000 |
| \$50,001 - \$100,000 | \$4,400 plus 5% of amount over \$50,000 |
| \$100,001 - \$1,000,000 | \$6,900 plus 2% of amount over \$100,000 |

This amount reflects and adjustment due to a calculation error and a reduction due to the removal of ineligible shipping costs. The calculation error appears to be the application of 10% to the amount over \$15,000 as apposed to 8%.

Appeal Rights

An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board pursuant to Sections 40 and 57.7(c)(4)(D) of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period of time not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. If the owner or operator wishes to receive a 90-day extension, a written request that includes a statement of the date the final decision was received, along with a copy of this decision, must be sent to the Illinois EPA as soon as possible.

For information regarding the filing of an appeal, please contact:

Re: **Request for Extension for Petitioning the IPCB**
LPC #0190655076 – Champaign County
Johnson Oil #878- Rantoul/Johnson Oil Company, LLC of Indiana
629 West Champaign Road
LUST Incident No. 20001456
American Environmental Project Number 207030

Dear Mr. Kim

Johnson Oil Company, LLC of Indiana ("Johnson Oil"), requests that the Illinois Environmental Protection Agency ("Agency") join them in requesting a 90-day extension to the 35-day deadline for filing a petition for a hearing before the Illinois Pollution Control Board (IPCB). This request is being made to preserve Johnson Oil's right to appeal the Agency decision contained in a March 19, 2004 letter, received by Johnson Oil on March 25, 2004, regarding a November 17, 2003 Corrective Action Plan and Budget for the above referenced LUST incident. A copy of the Agency letter is attached.

The additional time is needed for American Environmental to submit information and a request for the Agency to reconsider some of their budget deductions. If necessary, we will also meet with the Agency in an effort to resolve the issues without the need to submit a formal petition request.

Please take the necessary action to file this extension request before the 35-day appeal time expires on April 29, 2004. If you need additional information, please advise.

Sincerely,

AMERICAN ENVIRONMENTAL CORPORATION
