Chicago, IL 60601
Case PCB-03-235
Transfer Station For United Disposal**

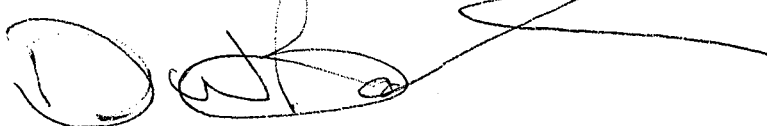

PC#12

As a neighbor of United Disposal, an operator of a lawn care business, and a Bradley Law enforcement Officer, I want the IPCB to know that Mike Watson has helped me by giving me a place to bring my waste and by providing me with dumpsters on request.

I live within a block of the facility and have been in and out of the business often. I don't know of anyone in my neighborhood that have any complaints against United or Mike Watson. I drive by their several times a day and it is rare that the trucks are running past 3:00.

I support all their efforts to try to change their permit. I have no concerns and anticipate no problems if this were to happen. If anything this would help a lot of businesses in the community, giving them an alternative to the higher cost of Landfill dumping.

Thank You For Your Consideration,

Don Barber
