Pollution Control Board

AC0460

I Carl Bluedorn am contesting the administrator's Citation (IEPA No. 130-04-AC) issued to me by the Illinois Pollution Control Board and am hereby filing a petition for review. This is the 2nd citation since the inspector found by his estimation an additional 200 or so trees. I tried diligently to comply with the first citation by starting to remove the trees soon after being notified. I removed approximately 900 trees. This was extremely difficult since they were hidden mostly & were entangled in tall brush, weeds, vines & etc. I did not cause or allow these trees to be there & was unaware that they were there. These trees were in an area that I did not rent, use, or had any control over. They were there long before I even set foot on the property. The owner of the property Sharlyn Fuller was improperly notified by your agency & therefore did absolutely nothing in regard to the removal of trees that were in an area that she was solely responsible for. Also I ceased to occupy my small area of the property upon receiving the first citation. Respectfully

Carl Bluedorn
