JURISDICTION

This Administrative Citation is issued pursuant to the authority vested in the Illinois Environmental Protection Agency by Section 31.1 of the Illinois Environmental Protection Act, 415 ILCS 5/31.1 (2002).

FACTS

1. That Michael E. Boone ("Respondent") is the present owner of a facility located approximately 1.3 miles south of the Village of Bath, on the east side of Illinois Route 78 in Mason County, Illinois. The property is commonly known to the Illinois Environmental Protection Agency as Bath Twp./Boone.
2. That said facility is an open dump operating without an Illinois Environmental Protection Agency Operating Permit and is designated with Site Code No. 1258015002.
3. That Respondent has owned said facility at all times pertinent hereto.
4. That on May 18, 2004, Charlie King of the Illinois Environmental Protection Agency's Springfield Regional Office inspected the above-described facility. A copy of his inspection report setting forth the results of said inspection is attached hereto and made a part hereof.

## VIOLATIONS

Based upon direct observations made by Charlie King during the course of his May 18, 2004 inspection of the above-named facility, the Illinois Environmental Protection Agency has determined that Respondent has violated the Illinois Environmental Protection Act (hereinafter, the "Act") as follows:

- (1) That Respondent caused or allowed the open dumping of waste in a manner resulting in litter, a violation of Section 21(p)(1) of the Act, 415 ILCS 5/21(p)(1) (2002).

## CIVIL PENALTY

Pursuant to Section 42(b)(4-5) of the Act, 415 ILCS 5/42(b)(4-5) (2002), Respondent is subject to a civil penalty of One Thousand Five Hundred Dollars (\$1,500.00) for each of the violations identified above, for a total of One Thousand Five Hundred Dollars (\$1,500.00). If Respondent elects not to petition the Illinois Pollution Control Board, the statutory civil penalty specified above shall be due and payable no later than July 30, 2004 unless otherwise provided by order of the Illinois Pollution Control Board.

If Respondent elects to contest this Administrative Citation by petitioning the Illinois Pollution Control Board in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2002), and if the Illinois Pollution Control Board issues a finding of violation as alleged herein, after an adjudicatory hearing, Respondent shall be assessed the associated hearing costs incurred by the Illinois Environmental Protection Agency and the Illinois Pollution Control Board. Those hearing costs shall be assessed in addition to the One Thousand Five Hundred Dollar (\$1,500.00) statutory civil penalty for each violation.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2002), if Respondent fails to petition or elects not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, Respondent's check shall be made payable to the Illinois Environmental Protection Trust Fund and mailed to the attention of Fiscal Services, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276. Along with payment, Respondent shall complete and return the enclosed Remittance Form to ensure proper documentation of payment.

If any civil penalty and/or hearing costs are not paid within the time prescribed by order of the Illinois Pollution Control Board, interest on said penalty and/or hearing costs shall be assessed against the Respondent from the date payment is due up to and including the date that payment is received. The Office of the Illinois Attorney General may be requested to initiate proceedings against Respondent in Circuit Court to collect said penalty and/or hearing costs, plus any interest accrued.

PROCEDURE FOR CONTESTING THIS  
ADMINISTRATIVE CITATION

Respondent has the right to contest this Administrative Citation pursuant to and in accordance with Section 31.1 of the Act, 415 ILCS 5/31/1 (2002). If Respondent elects to contest this Administrative Citation, then Respondent shall file a signed Petition for Review, including a Notice of Filing, Certificate of Service, and Notice of Appearance, with the Clerk of the Illinois Pollution Control Board, State of Illinois Center, 100 West Randolph, Suite 11-500, Chicago, Illinois 60601. A copy of said Petition for Review shall be filed with the Illinois Environmental Protection Agency's Division of Legal Counsel at 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276. Section 31.1 of the Act provides that any Petition for Review shall be filed within thirty-five (35) days of the date of service of this Administrative Citation or the Illinois Pollution Control Board shall enter a default judgment against the Respondent.

Affiant, Charles W. King, Jr., being first duly sworn, voluntarily deposes and states as follows:

1. Affiant is a field inspector employed by the Division of Land Pollution Control/Field Operations Section of the Illinois Environmental Protection Agency and has been so employed at all times pertinent hereto.
2. On May 18, 2004 between 12::45 PM and 1:00 PM, Affiant conducted an inspection of a disposal site operated without an Illinois Environmental Protection Agency permit, located in Mason County, Illinois, and known as Bath Twp./Boone by the Illinois Environmental Protection Agency. Said site has been assigned site code number LPC# 1258015002 by the Illinois Environmental Protection Agency.
3. Affiant inspected said Bath Twp./Boone open dump site by an on-site inspection, which included walking and photographing the site.
4. As a result of the activities referred to in paragraph 3 above, Affiant completed the Inspection Report form attached hereto and made a part hereof, which, to the best of Affiant's knowledge and belief, is an accurate representation of Affiant's observations and factual conclusions with respect to said Bath Twp./Boone open dump.

### NARRATIVE RE-INSPECTION REPORT DOCUMENT

The purpose of this memorandum is to serve as the Narrative Re-inspection Report Document of a re-inspection conducted at the subject site on May 18, 2004 from approximately 12:45 p.m. until 1:00 p.m., by this author. The inspection was conducted as a result of a complaint received at the DLPC/FOS – Springfield Regional Office. The site was originally inspected on February 17, 2004, based on a complaint that was received at the DLPC/FOS Springfield Regional Office. That complainant alleged that almost the entire ground that comprised the property at the site surrounding a double-wide mobile home, was covered in assorted wastes, including junk vehicles, lawn mowers, metals, wood, plastics, general household refuse, some burned, used tires, concrete blocks, a junk motorcycle, toys and other wastes. The original inspection substantiated the complaint and an Administrative Citation Warning Notice (ACWN) dated March 8, 2004, was issued. The ACWN was sent Certified Mail and was signed for by respondent Michael Boone on March 10, 2004. The ACWN clearly states that a required response within 15 calendar days of the date of the notice must be submitted to the Illinois EPA by the respondent. That response was due on March 23, 2004. However, no response was received. The ACWN also outlined the necessary corrective action for cleanup of the site and provided a deadline of May 15, 2004 for that to be completed. The ACWN also required the respondent to submit copies of receipts and/or manifests that document the proper disposal or recycling of wastes by May 20, 2004. Again, no submittal was received. The re-inspection shows what appears to be almost half as much wastes on the ground at the site than was noted on February 17, 2004, but there is still approximately 100 cu. yds. of wastes there. However, most of the site was covered in snow during the February 17, 2004 inspection, so some of what was perceived at that time to be wastes in the yard, may have been other non-waste items covered with snow. It should be noted that the open burning area observed during the initial site inspection was not observed during the re-inspection. Therefore, apparent violations relative to open burning will not be alleged based on the re-inspection.

The site is located approximately 1.3 miles south of the Village of Bath, on the east side of Illinois Route 78. It is approximately a half-mile south of Township Road 600 N. The address of the site is: 5457 SR 78, Bath, IL 62617. Legally and specifically, the site is located as follows: Part of the Northwest Quarter of the Southeast Quarter of Section 31, Township 20 North, Range 9 West of the Third Principal Meridian, Mason County, Illinois, more particularly described as follows: Commencing at an iron pin marking the Southwest corner of the Southeast Quarter, Township 20 North, Range 9 West of the Third Principal Meridian; thence North along the West line of the Southeast Quarter 49.80 feet to an iron pin located on the Easterly right-of-way line of Illinois Route 78, said iron pin being the actual point of beginning; thence North 0 degrees, 02 minutes, 07 seconds West, along said right -of-way line, 170 feet to an iron pin; thence North 89 degrees, 49 minutes, 53 seconds East, 300 feet to an iron pin; thence South 0 degrees, 02 minutes, 07 seconds East, 170 feet to an iron pin; thence South 89 degrees, 49 minutes, 53 seconds West, 300.00 feet to the actual point of beginning. The above-described tract contains 1.17 acres, more or less. This is from the Warranty Deed, Book 801, Pages 177 and 178, recorded May 2, 2001. It was obtained at the Mason County Courthouse, Havana, Illinois, Recorder's Office, and a copy is included as a part of this report. The owner of the site is: Michael Eugene Boone. His address was previously provided. He has no listed telephone number.

Upon arrival at the site on the day of the re-inspection, the weather was raining, with an air temperature of approximately 65° F. Winds were westerly at approximately 10 mph. Surface soil conditions were wet and muddy.

During the re-inspection, six photographs were taken with a digital camera. They show the conditions of the site on the day of the inspection. From the inspection and the photographs, and the original inspection Site Sketch, a partially computer generated sketch of the site was revised. It shows the basic layout of the site, as well as the approximate locations and directions of the inspection photos. The digital camera assigns three-digit numbers to each photograph, i.e., 001, 002, etc. This is how the photographs are referred to in this inspection narrative and in the Digital Photographs that accompany this narrative. However, to save space on the site sketch, real numbers have been used, i.e., 1, 2, etc. Copies of the Digital Photographs and the Site Sketch accompany this narrative as part of this report.

Upon arrival at the site on the day of the re-inspection, it was still obvious that the site was at least partially or up to one-half covered with wastes, shown in photographs 001, 002, 003 and 004. Two apparently junk vans (a light blue Ford Econoline and a black with silver Ford Areostar), and a junk Ford pick-up truck were observed as shown whole or in part in photo #s 001, 002, 003, 004, 005 and 006. Numerous old riding and push power mowers were about the site. However, piles of wood, and sporadic areas of general household refuse, metals, plastics, cardboard and other wastes were in the area.

Since it was raining, most of the re-inspection photos were taken from Illinois Route 78. I observed wastes at the northwestern end of the site, as shown in photo #as 001 and 006. An apparent inoperable Ford pick-up truck is partially shown in photo #s 001 and 002.

Two apparently inoperable Ford vans and the wastes between the two junk vans are shown in photo #s 003 and 005. That area still measured approximately 12' x 6' x 2' high. Other visible wastes in that photo include lawn mowers, concrete blocks, metals, plastics and wood. Wastes on the south side of the mobile home are shown in photo # 004.

During the inspection, apparent violations of the Illinois Environmental Protection Act (Act) and the regulations, Title 35, Illinois Administrative Code, Subtitle G (35 IAC) were observed. Those apparent violations include from the Act, Sections: 21(a), 21(d)(1), 21(d)(2), 21(e), 21(p)(1) and 55(a)(1). An observed apparent violation of the regulations, 35 IAC, was Section: 812.101(a). The Open Dump Inspection Checklist that accompanies this report provides additional information.

#### **OTHER COMMENTS**

1. No one approached me during the re-inspection.
2. As mentioned, it does not appear that there is as much waste at the site as there was during the original site inspection on February 17, 2004. There was an estimated 189 cu. yds. of wastes at the site at that time. On the day of the re-inspection, approximately 100 cu. yds of wastes were still observed.
3. As mentioned, due to the rain, most of the photos taken during the re-inspection were taken from the highway to the west of the mobile home. The former open burn area was not observed during the re-inspection, and therefore, no apparent violations regarding open burning will be alleged.
